I hope you will enjoy trying out your skills on this cute critter- my "Playful Pup".

Just for the record this pup is a police dog. She doesn't look like one because she's in the secret service.

Notice the position of the hind legs in the $\frac{3}{4}$ view above, they are positioned so that the feet are at an angle of about 90 degrees

I entered her in a dog show- She didn't win but she did meet a lot of nice dogs.

"A boy can learn a lot from a dog: obedience, loyalty, and the importance of turning around three times before lying down."- Robert Benchley

"The nose of the bulldog has been slanted backwards so that he can breathe without letting go."- Winston Churchill

DOG. 1. An animal that perspires through his pants. 2. The reason a dog has so many friends is that he wags his tail instead of his tongue. 3. Every boy who has a dog should also have a mother, so that the dog gets fed. 4. There is only one smartest dog in the world and every boy has it.
