Marv Kaisersatt's

Caricature Workshops

Study caricature carving from one of the finest figure carvers of our time. Marv's classes feature highly detailed handouts, step-by-step samples and practice exercises throughout the week while you complete your own unique 10" (avg) figure. In-depth discussion on facial features, expressions, and creating your own designs. Advanced students may bring in an idea of their own and watch it come alive under Marv's expert instruction.

Stan Bowers

Knife Making Class

Weekend Class
August 6 & 7 • $150

(Materials $10-$20) Stan Bowers is a knife & sharpening guru. He comes to us from Howell, Mi where he operates his own studio and workshop. He has been making his own Signature Line of Top-Quality knives for several years and will now share his secrets with you.

The first day you will create your own knife, creating the blade and handle ... both basic forging and working from a pre-made blade. The second day you will cover sharpening and carving with your new knife completing several projects.

Don't miss this!
